Forecast for Wednesday 15 Nov 2023

Weather: A cloudy start across southern ranges with some rain, falling as sleet or snow above 700m. Drier and brighter conditions across the north will gradually spread south through the day but the Cuillin and ranges south of Glen Affric my stay cloudy into the afternoon. A cold evening with clear spells.

Chance of cloud-free hill tops above 800m: 30% becoming 90%. Summits in south staying cloudy for longest.

Low cloud and visibility: Areas of low cloud and fog above 500m in the south with poor visibility in rain or snow. This will lift and clear with very good visibility from most ranges by late morning.
